President's Report

TRVMA Board President

A Thought About Social Media and Our Community

Social media has become an important part of life at Trilogy. It gives us a convenient way to share information, ask questions, express opinions and discuss issues affecting our community. When we use it responsibly, it can be a valuable communication tool.

At the same time, I believe we should be mindful of the difference between constructive criticism and persistent negativity. It is healthy to question decisions, disagree with the Board and bring legitimate concerns forward. Constructive criticism can help us identify problems and improve the way we operate.

The challenge occurs when the Board has already investigated, discussed and answered an issue, yet people continue to present it as though the Board has done nothing. Repeating the same allegation or criticism does not make it more accurate or more important. In fact, repetition can sometimes create a perception that an unresolved problem exists when the Board has already addressed the matter.

I would encourage everyone who participates in social media to pause before posting and ask a few simple questions.

Is the information accurate? Is the issue actually unresolved? Am I offering a constructive suggestion? Am I criticizing a decision or attacking the people who made it?

I do not intend these questions to discourage disagreement; quite the opposite is true. A community benefits from residents who are willing to speak up. But disagreement does not require hostility, and criticism does not require personal attacks.

Trilogy is a large and diverse community. We will not always agree, and we should not expect to. What we should expect from ourselves is that we treat one another with respect and give one another the benefit of the doubt.

Social media can either strengthen our community or contribute to division. The choice is largely ours.

As we move forward, I hope we can use these platforms not simply to identify what is wrong, but also to recognize what is working, offer constructive solutions and remember that we are all part of the same Trilogy community.

General Manager's Report

Calvin White
General Manager

As I continue my transition into the General Manager role, much of my time has been spent meeting with staff, getting to know Board members, reviewing operations and learning more about the many services, facilities and programs that make Trilogy at Rio Vista such a special community. While I am still in the early stages of that learning process, I have been impressed by both the complexity of our operations and the dedication of the people who help make this community successful every day.

One thing that has become clear very quickly is the extraordinary commitment demonstrated throughout Trilogy. From our staff and volunteers to committee members and the Board of Directors, there are many individuals who dedicate significant time and effort to preserving and improving our community. Much of that work happens behind the scenes, but it is essential to maintaining the high standards residents have come to expect.

Over the past several weeks, our landscaping and maintenance teams have remained focused on both routine operations and seasonal preparation. Crews have completed irrigation repairs, maintained lakes and fountains, cleaned storm drains in advance of the rainy season, performed landscape maintenance throughout the community and prepared common areas for the transition into fall and winter. These efforts help preserve the beauty of our community while protecting important infrastructure and ensuring our facilities remain safe and functional.

Several significant facility projects also continue to move forward.

At Vista Club, the locker room renovation remains one of our most visible capital improvement projects. Work continues to progress well and, despite encountering some additional conditions that required attention during construction, the project remains on schedule for completion by mid-December. We recognize the inconvenience that construction can create, and we appreciate residents' patience as improvements are made that will serve the community for many years to come.

As part of the locker room renovation, access to restroom and changing facilities has been significantly impacted. To ensure compliance with county health requirements, the decision was made to temporarily close the Vista Club pool during a portion of the renovation. The closure has also provided an opportunity for staff and contractors to complete annual cleaning, preventative maintenance, equipment repairs and other improvements that are difficult to accomplish while the facility remains in regular use. While temporary closures are never ideal, coordinating this work during the renovation period helps minimize future disruptions and supports our goal of returning the facility to service in the best possible condition. The Delta Club pool will remain open and heated until the Vista Club pool reopens.

At Delta Club, staff have continued preventative maintenance and repairs throughout the facility while evaluating longer-term building systems and future capital needs. Several aging components are being assessed to ensure the Association can effectively plan for future maintenance and replacement requirements.

Across the community, progress continues on a variety of infrastructure and maintenance projects. Recent efforts have included paving coordination, lighting upgrades, gate repairs, accessibility improvements, equipment replacements, lake and fountain maintenance and ongoing improvements designed to enhance reliability and the resident experience. Planning is also underway for future enhancements to recreational amenities, including the tennis and horseshoe court areas.

Behind the scenes, our administrative team has remained busy supporting Association operations through election planning, reserve study preparation, insurance reviews, employee training, policy development and ongoing Board support. These activities may not always be visible, but they provide an important foundation for good governance, sound financial planning and effective community operations.

As I continue learning more about Trilogy, I am encouraged by the level of engagement, professionalism and pride I see throughout the community. I want to thank the Board of Directors for their support, our volunteers and committee members for their continued service and our staff for their hard work and dedication. It is clear that Trilogy's greatest strength is its people, and I look forward to working alongside all of you as we continue building on the many strengths that make Trilogy at Rio Vista a wonderful place to call home.

COMMITTEES

Community Advisory Committee

The September Community Advisory Committee (CAC) meeting was brief, but the Committee pushed forward on key improvements for the Sonoma Room, Vista Club and a refresh update to guidelines for submitting proposals to the CAC. Here is a quick look at the latest updates from the meeting.

The Sonoma Room Refresh: After an extensive search, a sample chair was borrowed from a local 55+ community for Trilogy residents to test out. The feedback was positive, with members appreciating the sturdy build and easy-to-clean design. The breakout group will meet next to finalize frame colors and fabric selections before presenting a recommendation to the HOA Board of Directors.

Drama Club Request: The Drama Club has officially withdrawn its request for a storage container and yard space, having successfully found a more cost-effective alternative for storing its production materials.

Guidelines Refreshed: The CAC has updated the guidelines for submitting Member Proposals and Presentations. Keep an eye out. This information will be shared across our community media channels very soon.

The CAC meets on the last Thursday of every month. Please note our upcoming holiday schedule adjustments: there will be no meetings on November 26 or December 31. Instead, join us for a combined meeting on **December 3 at 1 p.m.** in the **Rio Vista Room, Delta Club** to cover updates and community concerns for both months. Contact **Community Advisory Committee, cac@mytrv.org**.

Emergency Preparedness and Safety Committee

National Oceanic and Atmospheric Administration (NOAA) puts a high chance for a very strong El Niño by the end of this year. El Niño is a natural climate pattern marked by warmer-than-average ocean temperatures in the eastern Pacific, which can shift weather patterns and bring wetter, more intense winters to California. El Niño often produces more frequent and intense storms over California. Flooding can cut off access to utilities, emergency services and transportation and have regional economic effects. The California Office of Emergency Services maintains a website called My Hazards at **myhazards.caloes.ca.gov**. You can enter any address in California and see risks of quakes, fire, flooding and tsunamis. Rio Vista is categorized as moderate risk for quakes and flooding and is outside the fire and tsunami hazard zones.

Although Trilogy Rio Vista is not in a flood zone, downtown and anything closer to the river or levees have a greater risk of flood damage. The area north of the airport and a large area on the east side of the river from Antioch to Chico fall within the Levee Flood Protection Zone. Thus, preparation for flooding involves coping with potential power outages, drainage blockages and business and street closures.

Never drive through floodwater. Water on flooded roads can be deeper and faster moving than it appears, and roadways can be damaged or washed out. Turn around and find another route. Keep gutters clear of debris, both the gutters around your roof and those in the street. This is also an opportunity to inventory your home. Make a list of valuables and major household items. An alternate way to document this is to make a phone video as you walk through the residence. This will help your insurance adjuster if you need to make a claim.

Should you have flood insurance? Check with your home insurance company to clarify what is covered and what the options are for additional coverage. Standard policies do not generally cover flooding. The FEMA National Flood Insurance Program at **floodsmart.gov** can provide a flood policy premium quote. Note that most policies have a 30-day waiting period prior to coverage. Be prepared! Contact **Audrey Berman, abobathome@yahoo.com**.

A heartfelt thank you to everyone who dedicated their time and effort to make this event possible, with special recognition to our extraordinary chef, Dennis Wallace, whose culinary talents created a fabulous meal that delighted our guests. Never Too Late to Learn

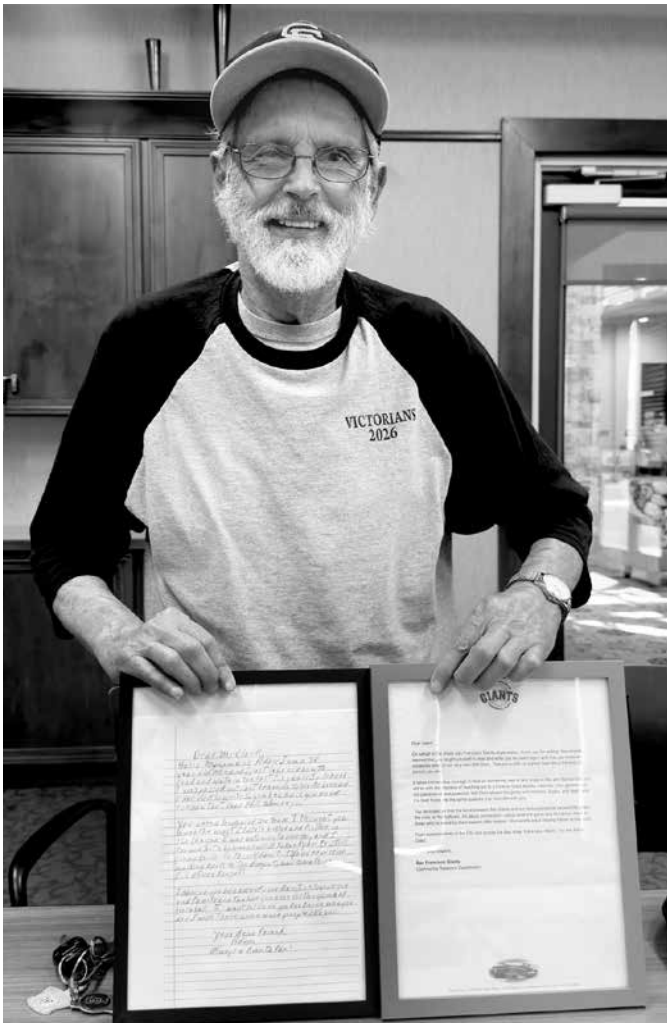
By Linda Doria

It is early in the 1950s, and a little boy sits with his mother in the principal's office of the school where he attends first grade.

"The principal took me and my mother into the office, and he said, 'Adam is slow. He can't keep up with the other kids, he's far behind the other kids, so we have to put him in a special training school.'" said Adam Tavis, now 79.

He attended a few such schools. Looking back on those years, Adam is blunt about what they gave him. "I went in and out of special training schools all my life," he said. "I didn't learn nothing, 'cause they didn't take time to teach us nothing." He knew a little, he said, and mostly he wanted to go outside and play with the other kids. He was passed from grade to grade without learning to read.



Adam with his letter sent to the Giants, and their response.

The protections that might have changed that came decades too late. According to the U.S. Department of Education, Congress did not guarantee a free, appropriate public education to children with disabilities until 1975, under a law later renamed the Individuals with Disabilities Education Act. As recently as 1970, American schools educated only one in five children with disabilities.

Adam built a life around the gap. He was embarrassed, and he kept it to himself. Can you imagine how difficult your own life would be if you could not read mail, signs, newspapers or even greeting cards, especially when everyone you know can? When Adam went out to eat with a friend, he ordered whatever his friend had ordered, because he could not read the menu. The fact that the educational system had failed him made no difference. He still could not read.

He has lived in Trilogy for 11 years, with his sister Loretta and her husband. There are "a lot of friendly people, nice people here," he said. "Eleven years later, I'm still here. Still alive and well."

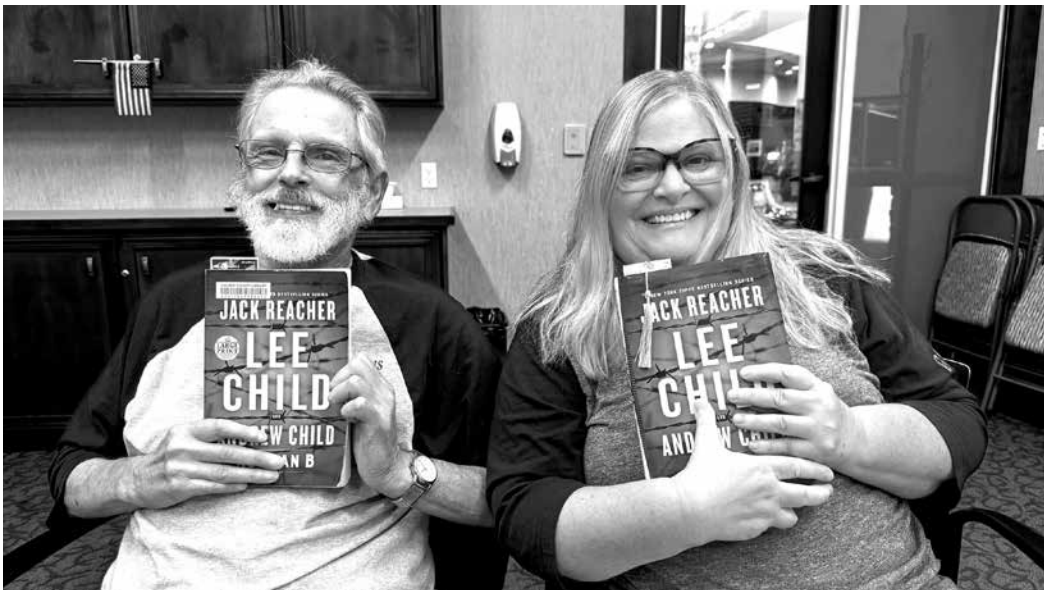
The change began with a conversation. Adam finally told a friend at Men's Bible Study, a TRVMA club, that he had trouble reading. At the next meeting, the friend handed him a card for the adult literacy program at the Rio Vista branch of the Solano County Library. "Call the library," Adam remembers him saying. "They got a literacy program there." The friend has since passed away. Adam still has the card.

"It took me a while to get the courage up to call," Adam said, "but I did." He enrolled in May 2019, in his early 70s.

The library matched him with Sharon Pierce, at the time a Trilogy resident, who tutored him for about five years. They started with words like cat and dog. "We started from ground zero," Adam said. "It was like learning all over again." He kept lists of the words that gave him trouble, and the long ones with several syllables gave him the most. "The connection with Sharon was really spot on, 'cause our ages are so close," he said. "She was wonderful."

When Sharon moved away, the program matched Adam with Nancy Souza.

Nancy had taught special education for 30 years, holds a master's degree in the field and retired in 2023. Her husband died in 2021. She sold her Manteca home and moved to Trilogy in March 2024 to be near her brother and sister-in-law, Helen and Dan. She has since moved to a neighboring community but still considers Trilogy home.



Adam and Nancy with one of their most recently explored books.

She did not want to go back into a classroom, but she wanted to use what she knew. "I thought I was gonna be teaching little kids how to read," she said. They said, "We have a literacy program, but it's for adults. I thought, "Oh, that's even better."

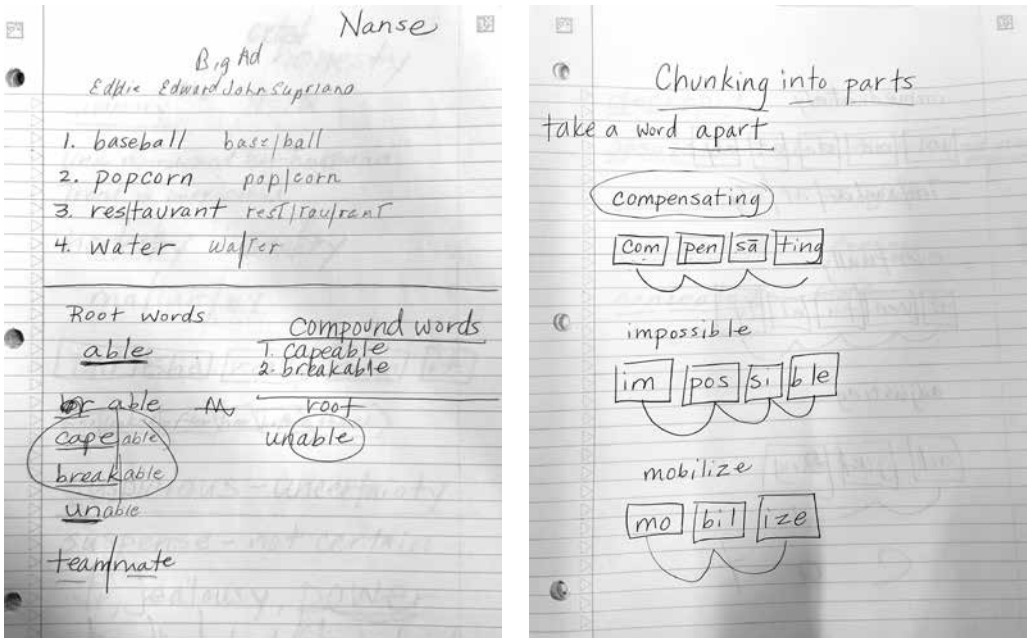
She has worked with Adam since March 2025. She expected to start near the beginning and found something else entirely. After five years with Sharon, Adam was already reading full books, and what he wanted from Nancy was more ease. "I just wanted to find out what he wanted to learn," she said. His answer was to read with better flow and to feel comfortable picking up a book without worrying he would not know the words.

They meet twice a week at 12 p.m. in the Trilogy Library, working from large print, which Nancy prefers herself. Her method for long words is simple: every syllable is a sound. A five-syllable word is five small words, read each syllable one at a time and then put them together.

He reads full-length books now. One was *Willie Mays: The Life, The Legend*, the authorized biography by James S. Hirsch, which runs more than 600 pages. It took him about four months.

Both he and Nancy are Giants fans, and sports talk is a big part of their friendship. Last year Nancy suggested Adam write to the team. He decided instead to write to Will Clark, his favorite Giant and a player he believes belongs in the Hall of Fame. They worked through it together, with Nancy helping on sentence structure, and Adam wrote the final copy by hand.

"Hello. My name is Adam," it begins. "I am a 78-year-old man and I just learned how to read and write in the last six years. In school I was passed without learning to write or read. I decided to write to you because you need to know that fans still admire you."



Notes taken during Nancy and Adam's tutoring sessions.

He wrote about watching Clark hit a home run off Nolan Ryan. "It still gives me chills to think about it," he wrote. "Your expression, walking back to the dugout, was something I'll never forget." He ended the letter with: "I want to thank you for being who you are. I wish there were more people like you."

Nancy sent the letter to the Giants. What came back was a reply from the club's Community Relations Department, a package of team merchandise and a baseball signed by Will Clark.

"It takes tremendous courage to take on something new at any stage in life," the Giants wrote. "Your gesture was not just kind — it was powerful." The letter ended: "From everyone here in the City and across the Bay Area: thank you, Adam. You are a true Giant."

Adam was, in his own words, shocked. Nancy had a better idea of what to expect, because the Giants had shown her their kindness once before. When her husband was dying, the team brought Nancy, her husband, their daughter and son-in-law onto the field, where he met Bruce Bochy. "I knew that they would do it," she said of the reply to Adam's letter, "because they did it before for me."

Nancy and Adam picking out their next book.

Both letters now hang framed at Adam's house. His letter was also printed in the Rio Vista Library's Friendship Writing Challenge 2026 booklet, a collection of writing by adult literacy learners and tutors, and he won a library reading challenge that came with Sacramento River Cats tickets.

When asked what the work has given her, Nancy did not hesitate. "He gave me purpose," she said. "I knew what I was doing as an educator, but I didn't have anybody or anything really to do any of that with. So, it gives me something to feel good about." Then she added, "The nice part is I made a new friend."

Adam answered right back. "I got a purpose in her life."

They are still reading together, currently a Jack Reacher novel. There is no graduation date, and neither of them is looking for one. "The thing I wanted to do was learn how to read. That was my goal," Adam said.

Nancy hopes more neighbors will look around. "We just assume that everybody knows how to read and write really well," she said. "And sometimes you don't even know about a neighbor. The person across the street from you could really be suffering, and you don't know."

The need is not small. The National Center for Education Statistics reported that in 2023, 28 percent of U.S. adults ages 16 to 65 performed at the lowest literacy level it measures, up from 19 percent in 2017.

The Rio Vista Library takes part in the Solano County Library adult literacy program, which pairs adults who want to read better or learn to read English with trained volunteer tutors, in person or online. Materials, workbooks and tutoring are free to both student and tutor.

Students must live in Solano County, be at least 16 and not enrolled in high school, read below an eighth-grade level and commit to two 90-minute sessions a week for at least six months. Tutors need no teaching experience, only average reading and writing skills and that same commitment of three hours a week for six months.

To learn more as a student or to volunteer as a tutor, contact Solano County Library Literacy Services, **707-784-1526, literacy@solanolibrary.gov**. They are open **Monday through Friday from 9 a.m. to 5 p.m.**

Golf Operations and Monarch Grill Report

Dave Bergstrom
Golf Club General Manager

The weather from late September through mid-October has been exceptional. Temperatures have dropped, and we are seeing more golfers during the morning hours. Most of our members and guests have been playing in the mornings, with lighter activity in the afternoons.

Golf operations rounds were up 5% compared to last year and 9% above budget. September saw 1,758 rounds compared to 1,754 in August, remaining virtually unchanged from the previous month.

Total golf operations revenue finished 3% above budget and 15% above the prior year. With favorable weather and exceptional course conditions, this upward trend should continue.

During the first two weeks of October, we experienced exceptional weather, creating a welcoming environment. Golf operations rounds and revenue are both trending above budget.

The Monarch Grill continues to provide exceptional food and service. The Monarch Grill generated $99,497 in total revenue for September, just short of our monthly goal of $100,000. Food and beverage revenue is trending approximately 14% above budget and 33% above the prior year. Thank you for your support.

Golf Activity

Thanks to favorable weather and diligent care from our maintenance team, the greens are performing extremely well. We aerated the greens on October 8 and 9. The greens are healing nicely, continue to run smoothly and provide consistent playing conditions for all our guests. Members have been extremely vocal in their praise and support of the golf course's overall condition.

As we approach the end of the busy season, we continue to host smaller tournaments, with more competitions and activities scheduled for the coming months. Residents can review the 2026 Tournament Calendar in The Golf Club at Rio Vista's pro shop. The calendar is located in the main point-of-sale area, above the complimentary coffee station.

In September, we hosted several smaller groups and tournaments. We also hosted the Rhinestone Cowgirls on October 6. Approximately 60 players participated, and the ladies had a great day. We received excellent feedback on the course conditions.

Food and Beverage

The Monarch Grill maintained strong momentum in September, coming up just shy of our $100,000 revenue goal. We aim to exceed that goal in October. We introduced our new quarterly menu on September 1. Please come check it out!

Guest feedback has been overwhelmingly positive. The quality of the food and the service provided by our staff have received considerable praise. Guests can share their feedback using the QR codes at each table or a portable tablet available upon request. The survey takes approximately one minute to complete. We appreciate all feedback.

Private event activity has also grown significantly compared to the prior year, with increasing demand from both community residents and outside groups. This growth further reinforces the Monarch Grill's reputation as a preferred gathering destination for the community. Guests interested in hosting private events, celebrations or group functions are encouraged to contact the Monarch Grill at **707-374-2900 or info@playriovista.com**. You can also view our event menu at **playriovista.com/events**.

Weekly dining specials continue to attract strong participation and positive feedback from the community. Wednesday evening fish specials remain particularly popular, along with our weekend specials.

Course Maintenance

Course Superintendent Nick Lopez continues to make significant improvements throughout the golf course, focusing on course appearance, maintenance standards and enhancements across multiple areas of the property.

Regular players and guests have already noticed these improvements, which contribute to a better overall playing experience. With additional projects planned for the coming months, the golf course is well positioned to continue improving its condition and appearance.

The golf course is in great shape, thanks to the excellent work of Nick and his crew. We have postponed the pond work on holes 11 and 12 until weather conditions improve, but we plan to complete the project by the end of October. Nick and his crew have been topdressing and irrigating the sod installed last month. We aerated the greens on October 8 and 9. The process went smoothly, and while the greens typically take 21 to 28 days to heal, they appear to be recovering faster than expected. We have also accepted a bid to restore the water feature on the 17th hole, with a start date to be announced soon.

We have installed stairs leading up to the forward tee box on hole 17, providing players with safer access. Handrails will be installed soon. We have also begun identifying additional areas for future improvements.

Member and Community Events

Several smaller events took place in October. We hosted a barbecue for the TRV Garage Sale on October 3, which generated strong revenue. Our Halloween Party was held on October 25, with guests encouraged to wear costumes. The Monarch Grill also served breakfast that morning.

Looking ahead, the Monarch Grill will host a Thanksgiving Brunch Buffet on **Thursday, November 26**, with seatings at **10 a.m., 12 p.m. and 2 p.m.** Chef John will prepare a mostly traditional Thanksgiving dinner with a few special additions. Reservations should now be available through Eventbrite or at the Monarch Grill. Seating is limited to 100 guests per session. The Monarch Grill will also host a New Year's Eve celebration on **Thursday, December 31 from 6 to 9:30 p.m.**, featuring live music by the Delta Chicks, food stations, party favors and a champagne toast at **9 p.m.** Tickets go on sale November 23 through Eventbrite or at the Monarch Grill. From Fitness

A heartfelt thank you to everyone who helped make this year's Fall Into Fitness event such a success!

I truly could not bring these events to life without my incredible staff and our residents. Each and every one of you plays an important role in making these events so special. Your support, enthusiasm and willingness to participate make what I do possible, and I am grateful for all of you. You allow me to do what I love, and for that, I cannot thank you enough.

We had more than 70 residents participate in the fitness classes offered here at Trilogy, and I could not be more proud of our fitness community!

We still have two more fitness events planned for this year, and I sincerely hope to see all of your smiling faces there. I look forward to continuing to bring our community together through fitness, fun and connection.

Once again, thank you for all that you do and for making our fitness community such a wonderful place to be. Your support means more to me than you know.

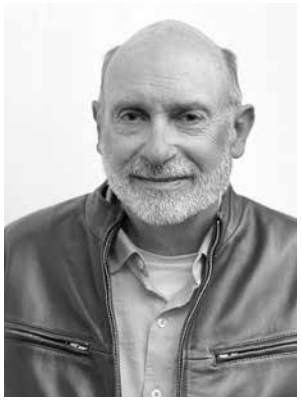
Marks Road Park Project Update

By Jim Rosteck



The Construction Manager continues to work with the bidder identified in last month's report to resolve the requested clarifications. This work should be completed this week, after which the Construction Manager should be in a position to make a recommendation for the Board's consideration.

The financial advisor provided proposals from nine lenders and a summary sheet, then narrowed the proposals to the four it considers most competitive. Each proposal was structured around an annual loan payment of approximately $500,000, the amount budgeted for Marks Road in both the last and current fiscal years. On that basis, financing the project would not require a special assessment or an increase in the current budget.

Adventure Runs in the Family: An Executive RV & Boat Story

Some mornings start with coffee and quiet. Others start at 7 a.m. with three grandkids, a fully loaded RV, and a family ready to show the world what adventure really looks like.

That was the scene at our Executive RV & Boat Storage facilities in Manteca and Rio Vista on a scorching summer day, when Veronica and Javier arrived, dressed to impress and ready to spend the whole day with us for a photoshoot. They weren't hired models. They were friends of our team who said yes to an idea, and stayed the whole day, grandkids Xavier, Aaliyah, and Luca included, sunshine and all. The family calls Napa home, but it's with us, between Manteca and Rio Vista, where their RV waits, ready for the next trip.

"To me and my family, RV life is not only about traveling but about making memories and creating family traditions," Veronica says.

"*It gives us the freedom to visit and explore new places, experience different communities, and meet new people from various backgrounds and cultures. But most importantly, spend quality time with my loved ones without the distractions of everyday life." One of her favourite memories is a last minute trip to Petaluma the day after Christmas, when the famil simply packed up and drove, no plan needed."*

What makes the story even richer is what Veronica does when she's not on the road. By day, she is with Self-Help Federal Credit Union, where the mission is to serve communities that are underserved or unbanked. *"We offer fair and affordable loan products, often to borrower who could not access responsible products or services at other financial institutions,"* she explains.

It's a fitting parallel. Just as Veronica's work is about opening doors for people who need it most, Executive RV & Boat Storage exists to open the door to the RV and boat lifestyle, making it easier, safer, and more accessible for families like hers to simply pack up and go.

For Veronica, Javier, and their grandkids, storage isn't just about parking a vehicle. It's about protecting the freedom to hit the road whenever adventure calls and having a trusted community behind them when they do.

31 Card

The 31 Card Club meets every **Sunday at 12 p.m.** in the **Sonoma Room**, **Vista Club**. It's a fun card game for Trilogy residents and their guests. The goal of this game is to try to score 31 points, or as close to it as you possibly can. Your score is based on the value of your cards in a single suit. Aces are worth 11 points, face cards are worth 10 and all others are worth their numerical value. The object is to get a high score, hold on to your chips and be the last standing. At the start, $1 is collected from each player. The pot is given as the grand prize. We usually play four games. At the end of each game, each player provides the winner with $1.

31 is played in rounds. At the end of each round, the player with the lowest score must give up one of their chips. Once you lose all four of your chips, you're out of the round and must wait for the next round to begin. Interested? Join us. Questions? Contact **Beverly Donovan, 630-433-8973.**

NGC891 is a spiral galaxy seen edge-on.

November has plenty of objects that can be seen with your own eyes, binoculars, and of course, a scope. Prominent is the open cluster the Pleiades and M32 the Andromeda galaxy. Of course, there are many more objects that can be seen in binoculars like the Double Cluster in Perseus and M27 in Vulpecula to the west. It's interesting to note that there are five meteor showers in November. They occur as follows: November 4 to 5 Southern Taurids; November 11 to 12 Northern Taurids, November 17 to 18 Leonids, November 21 to 22 Alpha Monocerotids and November 27 to 28 November Orionids. Of course, most meteor showers are best seen when the moon is not up and after 11 p.m. Also, each shower can vary from one year to another.

The Dumbbell Nebula is the cast-off outer shell of a dying star.

The Trilogy Ballroom Dance Club invites you to join us for a variety of dancing, from American ballroom to Latin dance. We come together to enjoy the music and share our knowledge of dance with others.

As the Marine Corps turns 251, we salute fellow resident and Marine veteran Rod Skillin. Rod served from 1953 to 1956, from boot camp at Parris Island, South Carolina, to Camp Lejeune, North Carolina. He went on to a career with United Airlines and was married to his late wife, Geraldine, for 66 years. Just before Rod retired, they bought the seventh home built in Trilogy. He was a founding member of the Model Train Club and helped build the Garden Railroad outside the Vista Club. Sign up by October 30 using the form in What's Happening Trilogy to celebrate the Corps' birthday with us on **Saturday, November 7 at 11 a.m.** in the **Rio Vista Room, Delta Club**.

If you read music, but do not have an instrument, we may have one you can use. If you are interested in volunteering, contact **Elaine Schaefer, 707-507-9233** or visit a rehearsal any **Wednesday at 2:30 p.m.** in the **Diablo Ballroom, Vista Club**.

One musician who stepped forward to join is Barry Tagawa, whom you may have experienced at our October concert/dance. Barry is a native of Honolulu, Hawaii, and began playing classical piano at the early age of six or seven years old. At about eighth grade, his interest turned to classical guitar while continuing

to play piano. In 1977, Barry became a member of the University of California, Los Angeles (UCLA) Jazz Band where he had an opportunity to play on the Frank Sinatra Musical Performance Awards Show, backing Mr. Sinatra himself. Following his retirement from a career in civil litigation law, Barry moved from the Bay Area to his current Trilogy home where he now enjoys playing with the Big Band and meeting all the "nice people" here. Say hi to Barry when you see him around.

How will this naïve newbie rise to the top of the popularity pecking order? By taking on The Plastics, a trio of lionized frenemies led by the charming but ruthless Regina George. But when Cady and her friends devise a "Revenge Party" to end Regina's reign, she learns the hard way that you can't cross a queen bee without getting stung.

Cooking Club

Greetings from the Trilogy Cooking Club! We are a group of enthusiastic home cooks and chefs who share a passion for all things culinary. Our members delight in cooking, discovering new ingredients, learning innovative techniques, sampling delicious dishes and sharing our experiences related to cooking and food in the Delta area.

The club meets monthly, with each meeting centered around a unique, food-related theme. These themes vary widely, ranging from vegetables or ethnic cuisines to specialty dishes. Each month, a group of members contributes by preparing a dish based on the theme, and everyone gets a taste of their creations.

Occasionally, the club hosts demonstrations of specific cooking techniques, methods or specialty dishes. Recent demos have included baking baklava, salts and oils. Demonstrations have touched on barbecue sauces for the September meeting and a vinegar tasting in October. November brings a sausage-making demonstration. Whether you are interested in mastering new cooking techniques, participating in tastings, learning from demonstrations or simply want to expand your culinary knowledge, we invite you to join us.

All club recipes can now be found on the Trilogy Cooking Club's homepage at **mytrv.org/cooking-club**. We encourage you to visit the site and explore the diverse collection of recipes from past meetings.

Our next meeting takes place on **Tuesday, November 10** at **12:30 p.m.** in the **Rio Vista Room, Delta Club**, and the theme will be Thanksgiving side dishes. We hope you will join us. Guests are always welcome to drop in and experience what our club has to offer. Contact **Gary Swieso, 714-473-2729, tabsco1@gmail.com**.

Dog Club

Fall is now in full, leafy color! Dogs and walkers alike are enjoying the cooler weather, if not the shorter days. Take care during morning and evening walks and wear reflective clothing to keep both you and your pet visible and safe.

October was a busy, successful month for the Dog Club! The fall Dog Club Bake Sale had a variety of delicious treats available while browsing the fall garage sale. Shoppers followed the "Pointer" to our booth. A warm thank you to all who baked, sold, bought and enjoyed the treats!

The annual Parade of Pooches took place on October 27. Costume-clad dogs and owners paraded along the Summerset sidewalk from the Tennis Courts to the Vista Club patio. Participants enjoyed pizza, refreshments, fall photos and prizes for small and large dogs. This year's big change was opening the event to all Trilogy dogs rather than just club members. It was a huge success.

Our dog of the month is Maggie, adopted by Susan Chapman from Isleton. Maggie is a 6-year-old Maltipoo, who loves walks and eagerly jumps into Susan's arms.

Drama Club

The Trilogy Drama Club marches forward, and this time we're bringing our props with us. Literally. We now have our own secure off-site storage, provided by a generous and civic-minded benefactor. The entire Drama Club extends heartfelt thanks to this benefactor, whose gift allows us to keep bringing Trilogy folks the plays they love.

We pitched our storage proposal to the Community Advisory Committee and presented our case with care. The TRVMA Board listened and considered our request thoughtfully; however, our calendar and budget called for quicker action, so we moved forward and found a solution ourselves. Our props, costumes and staging equipment now have a real home. We're deeply grateful for the generosity and support that made this possible.

Big thanks to everyone who keeps showing up for us, act after act, season after season. Your support fuels every production we put on stage. To all the veterans out there, thank you for your service, and Happy Thanksgiving to everyone. Eat well, rest up and bring your energy back for our next season.

The Trilogy Drama Club stands stronger because of this community. Every prop stored, every costume hung and every piece of equipment secured represents the trust and generosity of people who believe in what we do. We carry that gratitude into every rehearsal and every opening night.

Here's to more seasons, more stories and more reasons to gather together and celebrate the magic of live theater. Our next meeting is **Tuesday, November 24 at 5:30 p.m.** in the **Marina Room, Delta Club.** Contact **Ken Gutman, 408-710-0741.**

Garden Club

Master Gardener Bernadette Thomas returns to the Trilogy Garden Club on **Thursday, November 12 at 1 p.m.** in the **Diablo Ballroom, Vista Club** to speak on how to make your own garden soil.

Great gardens begin below the surface. While seeds, sunlight and water all matter, the quality of your soil often determines whether plants simply survive or truly thrive. Making your own garden soil gives you control over texture, drainage, fertility and sustainability, allowing you to create a growing medium suited to vegetables, herbs, flowers, containers or raised beds.

"Store-bought mixes can be convenient, but they may vary in quality, cost and ingredients. A homemade blend lets you adjust the soil for your plants and local conditions," says Bernadette.

Making your own soil can also reduce waste by putting composted kitchen scraps, leaves and yard trimmings back to work. Over time, this builds a healthier, more living soil that supports beneficial microbes, earthworms and strong root systems. Bernadette's presentation will provide the step-by-step process for making your own soil.

With each batch, you gain more control over the foundation of your garden — and healthier soil usually means stronger plants, better harvests and a more resilient growing space.

Garden tip of the month: Use coffee filters for collecting and storing seeds. Fold the top down and write plant names directly on the filter.

Reminder: Pay club dues, which are $20 per household, in November to attend the holiday social. The **January 14** meeting topic will be The Magnolia Tree, presented by Master Gardener Dave Bellamy. Contact **Marsha Willard, rimawil68@gmail.com**.

Genealogy Club

Psst… Your ancestors have secrets. Welcome to Trilogy's unofficial MI6 Division, where curious rookies and seasoned sleuths chase clues, crack cold cases and dig up family treasures from across the world and the centuries. And believe us, let's just say we've uncovered some mind-boggling surprises: famous pirates, buccaneers, presidential connections, international intrigues and enough family plot twists to keep MI6 and, yes, Hollywood busy for years!

Behind the scenes at Trilogy's MI6, you'll find … Doyle Woodruff, Q Branch of Ancestral Intelligence, who

revealed the highly classified art of couch surveillance — cocktail in hand, YouTube genealogy experts on screen. Shaken, stirred and genealogically enlightened! Karen Davis, Chief of Intelligence Strategy, deploys digital wizardry to flush elusive ancestors from hiding. Marianne Gaetner, Agent Celtic Shadow; Mary Beth Martinez, the Historical Wordsmith; Richard Lescalle, the Continental Code Tracker; and George, Digital Image Specialist, are all on the case. Then there's Judith, our Undercover Sleuth, whose mission is so classified that even MI6 isn't cleared to know what she's up to. Rhonda, our Pacific Northwest operative, tracked the family trail to Oregon — and struck ancestral gold. Unfortunately, that's just the intelligence we can declassify!

We swap intelligence, tackle brick walls, venture into the field — including FamilySearch Headquarters — and celebrate every breakthrough. Case briefings and brainstorming are on **first Thursdays from 2:30 to 4:30 p.m.** in the **Monterey Room, Vista Club**. Technology and investigative skills are on **third Thursdays from 2 to 4 p.m.** in the **Learning Center, Vista Club**. Join us. No secret codes, decoder rings or oaths. Just curiosity, camaraderie and a license to dig. Come join the investigation. You will never know who — or what — you'll find! Contact **Sheila Vingo, Karen Davis, TRVgeneclub@gmail.com.**

Good Samaritans

The first Thursday of November, the Good Samaritans Bible Study will complete the book of Acts. It was a great journey as we studied the establishment of the church, the expansion of the church and Paul's missionary adventures. This was also a great lesson on how to be thankful every day.

On the second Thursday of November, we will have a special lesson to honor and pray for all veterans in honor of Veterans Day. We also thank all veterans for their service.

The **third Thursday of November**, we will have a special prayer and Bible Study on the true meaning of Thanksgiving. Why is it that we must be reminded to set aside one day a year to be thankful? Should we not be thankful every day? There are 138 verses in the Bible dealing with "Thanksgiving" alone. Why is it important to develop an attitude of gratitude? Three suggestions: A heart of gratitude doesn't have room for anything else; it is impossible to be thankful and anxious at the same time, and your outlook determines your outcome.

For residents in need of a Thanksgiving meal, email us and we can provide the information to make this possible.

The Good Samaritans will not be meeting on the fourth Thursday, Thanksgiving Day. We pray you have a joyful and thankful Thanksgiving. The last week of November is also our planning time for our Christmas outreach. For anyone interested in our Christmas outreach, you are welcome to email us, and we will contact you with the details. International Folk Dance

JULEIT Luau: Zeny, Cora, (our hostess) Francis Webster, Deidre, Carmen and Vhie

Happy Halloween to all! September was a busy performance month for our Hawaiian dancers. We performed in the following venues, where we noticed that audience participation was greatly enjoyed.

On September 3, we joined the Golden Hills Community Church Just Us Ladies Eating In Together (JULEIT) group at their annual Hawaiian Luau where we danced several Hawaiian and audience participation dances.

On September 6, we attended Castillejos Association of Northern California (CANC) fiesta held at the Ruby Creek picnic area near Lake Cunningham. We performed several Hawaiian dances including a Tagalog line dance to the song "Hawak Mo Ang Beat" which translates to "you hold the beat."

CANC. picnic: James, Mary Jane, Deidre, Pauline, Zeny, Carmen, Orlando, Lila, Jim, Cora and George

On September 7 to 10, we joined a small group on a houseboat trip at Silverthorn Resort, Lake Shasta. During the trip, we played ukulele songs and danced hula and several line dances as part of our entertainment.

On September 20, we attended the monthly birthday celebration at the Filipino Community Center in Vallejo. Though the theme was Hawaiian, we focused on line and ballroom dancing. Attending from Trilogy were several friends and birthday celebrants: Orlando Devera, Joyce Gomes, and James Vinoya.

On September 22, we danced at the Oakmont Luau with our ukulele players Claire McKean and Bill Bailey.

Oakmont Luau: Cora, Deidre, Carmen, Zeny, Cynthia (club president) Liz and village residents.

On September 26, we celebrated James Vinoya's Hawaiian-themed birthday at Dalope Farms in Acampo. We performed a few Hawaiian dances, including the happy birthday hula dance, Hau'oli La Hanau.

Just Write!

Optional Topic: You Let the Cat Out of the Bag. Have you ever inadvertently shared the details of a planned surprise event with the person being honored? It can be awkward. It's impossible to erase the email or text and equally difficult to take back the words that have already been spoken. This idiom could also refer to letting an actual feline out of a sack. Why was the cat in the bag and what was the situation that led to the cat being placed there?

Either way you look at this topic, questions arise. Your job is to create a short story, poem or lyrics to explain the situation leading up to and following the incident. Perhaps this subject is not of interest to you. You are free to write on any theme. Our optional topic each month is just a suggestion to get you started. If you're already working on a chapter or verse, a novel or memoir, whether fictional or factual, just write!

Join us on **Friday, November 20 at 2 p.m.** in the **Monterey Room, Vista Club** when we'll share what we've been creating. If you'd like, bring an unusual or underused word that may be helpful as we search for just the right term or expression to include in our stories.

Labyrinth Walkers

A Time for Gratitude, the monthly silent meditation walk, will be held **Saturday, November 7 at 3 p.m.**

November is deep into autumn. Nature has turned brilliant colors, celebrating the season we call thanksgiving. Bountiful crops have been harvested. Wheat and other grains are stored in silent silos, ready to support our communities through the coming winter months. We humans have harvested bounties of memories over the spring and summer months. Now we turn toward reflection and thankfulness. Join us as we spend an hour in quiet walking contemplation as we practice gratitude.

T'ái Chí Chíh, offered by Trilogy Labyrinth Walkers, is in **Multipurpose Room, Vista Club**. Due to HOA scheduling, the time for the first Thursday practice in November and December has been changed to **11 a.m.** All other Thursdays in both months will be at the regularly scheduled time of **9 a.m.** Facilitator Leila Phillips says; T'ái Chí Chih is "slow focused movements practiced with softness and continuity." The session is about an hour. Beginners are welcome.

Motorcycle Club

For Trilogy's Motorcycle Club, the Windy Riders, it's all about the ride. Someone said, "The feeling when you ride is like no other feeling. You feel free from the world, you feel unstoppable, riding is a passion, it's a joy, it's a stress reliever, it's a way of life." It's also about the camaraderie and sharing a good lunch together. Our members ride various two- and three-wheel motorcycles. Feel free to join us; there are no dues and no meetings. We ride every Wednesday, weather permitting, and sometimes on Saturday.

Lunch at Mare Island Brewing Company

At the end of September we took a ride to Murphys for lunch. In October we rode to Napa and to West Sacramento. In Murphys we ate lunch in the historic Murphys Hotel bar.

Did you know that the Murphys Hotel was a converted stagecoach stop constructed in 1856? Notable guests include Mark Twain, J.P. Morgan, and President Ulysses S. Grant. Guests have heard footsteps creaking along the old wooden floors around the edge of the bed in the night, have seen "float-walking" spirits, have smelled pungent cigar smoke that then suddenly disappears, and have seen chairs repositioned and chandeliers swinging.

On October 4, we had our first annual barbecue for over 20 club members and their guests at Craig Holt's home. It was a great opportunity for members and their significant others, who may or may not ride but provide crucial home support, to get to know each other better. The food was great, with sides provided by Craig Holt's son Marc, who is a professional caterer. A big shout-out of thanks from all of us to Craig and to Marc for a splendid evening.

Nature and Birding Club

One of our winter resident birds in Trilogy is the White-crowned Sparrow. You may hear their call before you see them: one or more thin, whistled notes followed by a sweet twittering trill. Adults have black-and-white striped crowns. Bills are pale pink or yellowish. Juveniles have brown and buff heads, like immature Golden-crowned Sparrows. They patronize feeders. They are often found in large flocks.

White-crowned Sparrow.

Two November field trips are scheduled. The first one is in Trilogy on **Tuesday, November 10 at 9 a.m.** Meet in the **Vista Club parking lot near the waterfall**. We will begin with a stroll around Vista Club and Health and Wellness Center, then drive within Trilogy to another area or two. Bring water, snacks and binoculars if you have them; we'll be out for about 90 minutes.

The second trip is on **Tuesday, November 17 at 9 a.m.** at **Cosumnes River Preserve, Galt**. We expect to see many winter migrants on ponds as we walk along boardwalks. Parking is free. Bathrooms are located at the parking lot. We will take a car or two to a smaller parking lot, which leads to the boardwalk, making it easier to get back to the main parking lot. Bring water, a snack and lunch if you wish. The trip ends at **12 p.m.**

In December, our nature walk is **Thursday, December 3 at 9 a.m.** around the Vista Club (90 minutes), followed at **11 a.m.** by our annual lunch and short meeting in the **Monterey Room, Vista Club**. Bring your own lunch. Desserts will be provided. Bring nature-themed pictures, photos, stories or observations to share for show and tell.

RV Roamers

Our camping season ended this year with a big finale of three trips in less than two months! Right before Labor Day, 34 of us descended on Bodega Bay where we shared fabulous food, music and fun at our Hawaiian Luau. Two weeks later we headed down the coast to Pescadero where a small group of us enjoyed celebrating Oktoberfest with many fun activities. And then just two weeks later another large group met at a favorite venue, Jackson Rancheria, for a lovely catered Italian meal and a pizza luncheon at a winery. All in all, we shared a fantastic year of camping experiences!

Table Tennis Club

The club held another successful round-robin in-house tournament on September 5. These events not only give the winners bragging rights but also build connections and friendships. The games provide a chance for players to match

themselves against other players they don't usually meet during practice sessions. Lunch, which is always a part of the tournament, gives everyone a chance to socialize and learn more about each other than just how the other person plays table tennis.

September 2026 Round-Robin Competitors

Here are the results of several hours of intense playing on four tables: Singles Group 1: 1st Place - Otto Chan; 2nd Place - Hai Feng. Singles Group 2: 1st Place - Rolando Rubio; 2nd Place - Rod Armas. Doubles: 1st Place - Kevin Chan and Otto Chan; 2nd Place - Brenda Hom and Ricky Gloria. A special thanks to the Trilogy HOA staff, who promptly replaced a table that was irreparably damaged in time for the round-robin.

Community Ping-Pong is open to all residents and their guests. It is free and no club membership is needed; please wear non-slip shoes — all other needed equipment is provided. Tennis Club

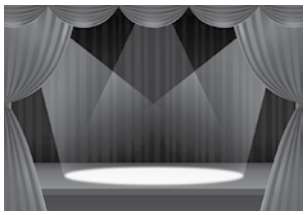
As we enter the winter season of play, a somewhat definitive schedule of morning tennis play on courts 1 and 2 has taken shape: Court 1 and Court 2 schedule: Monday, Match on Court 1 and Match on Court 2. Tuesday, Match/Social on Court 1 and Match/Social on Court 2. Wednesday, Match on Court 1 and Match on Court 2. Thursday, Social on Court 1 and Social on Court 2. Friday, Match on Court 1 and Match on Court 2. Saturday, Match on Court 1 and Match on Court 2. Sunday, Match on Court 1 and Match on Court 2.

Social means drop-in tennis, where after each game a player rotates out and another player rotates into the doubles play. This assumes that at least five players are present to play on a given court. If not, then the players can still rotate in a clockwise manner to the different playing positions if they choose.

Match play typically means four players organize themselves into two teams and play one or more sets in that configuration. They can switch who they each play with after each set. The participating players are generally organized in advance through text messages. Someone always needs to make the court reservation on the sign-up board at the courts. Reservations can be made up to 72 hours in advance. Starting times for match and social play are generally **8 or 8:30 a.m.**

Our Tennis Club Christmas Party is **December 19 at 5:30 p.m.** in the **Rio Vista Room, Delta Club**. Bring a potluck item to share and a $5 white elephant gift. RSVP to **Sandy Price, sandyprice03@gmail.com.**

Theater Group



A typical play uses lights, music, sound effects and microphones to enhance the atmosphere and make the dialogue understandable. Some of the cues require changing lights, turning microphones on or off, playing music and inserting sound effects all at the same time.

This would be a daunting task, if it were not for special software created to automate the multiple functions involved in a cue. Trilogy Theater Group (TTG) uses Show Cue Systems (SCS) to do this. During the design and rehearsal process, our tech guy, Chuck McVeigh, figures out what needs to happen at certain points in the script and enters all the cues into SCS using an editor similar to a spreadsheet.

Chuck McVeigh

Once it is set up, all that is needed to run the tech during the live performance is to keep track of the action on stage and press the space bar to execute the current cue. SCS then moves on to the next one. The SCS editor makes it easy to modify cues if, for example, the director changes the lighting or adds a sound effect during the rehearsal process.

Chuck has created a template with common cues so you can fill in the blanks when setting up a new show.

This entire system — the SCS program, the speakers and the control boards that drive the lights and sound — was designed for TTG by Dan Lassater. Chuck has documented the whole thing to make it fairly easy for the next person to take it over.

We hope you'll join the conversation. Everyone is welcome at Travelers' Roundtable — seasoned travelers, occasional travelers and anyone who simply enjoys learning about new places. The focus of the group is to share experiences, resources and information.

A 15-page list of resources has been compiled and is available to anyone. Send a request to **christine3075@gmail.com**. There are two main support organizations recommended for the visually impaired:

The first is the Society for the Blind in Sacramento offers support groups, a low vision clinic, home evaluation, a retail store, senior impact programs and more. Visit **societyfortheblind.org** for more information.

The second is Hadley, which offers a wealth of information and resources for those with low vision. Visit **hadley.edu** or call **800-323-4238**.

Meetings are held quarterly on the **fourth Thursday** at **2 p.m.** in the **Monterey Room, Vista Club**. Check the HOA calendar for any changes. We have no more meetings this year. Contact **Pearlena Erata, 510-552-9085, or Christine Ondersma, christine3075@gmail.com**.

Walk and Talk

We walk, we talk, but what else do we do? One could argue that listening may be the crucial element that makes it work. We listen to people's stories. We think of things to say that fit the conversation we're hearing.

Walk and Talk is an activity where people listen to what others say as they decide what they want to say. Whether relating ups and downs, sharing something funny or sad or delivering crucial news or mundane trivia, we actively respond to our mates' comments, stories and opinions. The easiest part of the experience is walking; it seems like just five or ten minutes!

Walk and Talk meets every **Monday**, **Wednesday** and **Friday** at **9 a.m.** in the **Grand Living Room, Vista Club**. Our walkers enjoy a variety of walking times and durations. Some look for speed; others walk at a leisurely pace. Some stay inside and use the walkway above the pool; others go outside. Some enjoy extended conversations at Café Vista following the meeting. All are welcome, and there are no fees. Contact **Doug Matacio, 707-507-9065, dmatacio@burmanu.ca**.

We Care 4 You

We are a club for caregivers and the ones they care for.

Are you caring for a spouse, parent or friend — or navigating life with health or mobility challenges yourself? You're not alone.

We Care 4 You is a welcoming, inclusive club where caregivers and care recipients come together for connection, conversation, shared activities and encouragement. This is not a therapy group — it's a community of neighbors who understand the realities of caregiving and believe life is meant to be lived together.

We meet on the **first Friday from 1 to 3 p.m.** in the **Monterey Room, Vista Club**.

Contact **Sean and Kimberly Fields, fieldssk5new@gmail.com, 925-338-4454 or 925-437-1350**.

Wine Lovers Club

Greetings from the Grape! Someone offered me grapes. I politely declined. I'm just not ready to start taking my wine in pill form. I'll stick to the traditional method, a bottle, a glass and no unnecessary chewing!

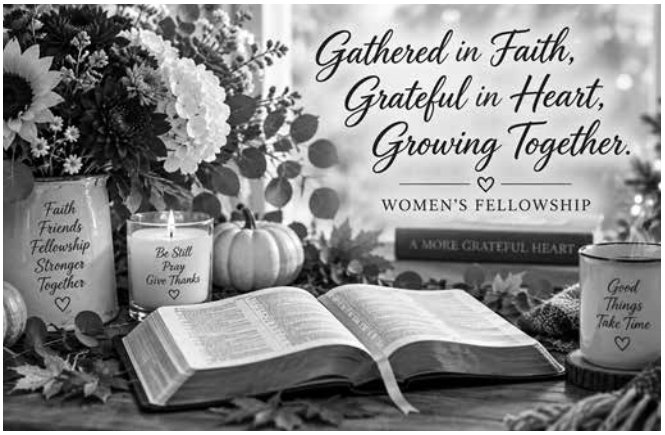
The Wine Lovers Club promotes the appreciation of all things wine. Our club's benefits include meeting local area winemakers and winery owners, tasting their creations, enjoying light bites and engaging in camaraderie with fellow wine enthusiasts. The club has many more events planned through the end of the year. On October 28 our members enjoyed a new event at the Monarch Grill. We hosted a wine and food pairing event. The wines picked were paired with appetizers selected by Chef John and matched perfectly.

On **November 15** we will host Mckenzie Wines from Lodi, another family-owned winery with a unique style. On **December 6**, we will enjoy our annual holiday event. We will snack a bit and enjoy the wines from

Peirano Vineyards from Lodi, a club favorite. We are well into planning our events calendar for 2027. If you are not already a member, join soon to enjoy all we have to offer. Contact **Jory Hite, trvwc@yahoo.com**.

California vintners greeted the early 2026 harvest with enthusiasm. The harvest, running weeks ahead of schedule, is showing concentrated flavors, aromatics and freshness. The harvest is offering plenty to look forward to after a season of lighter crops and closely spaced picks. That's all for now, wine folk.

Women's Fellowship



We welcome you, whether you are new to the Bible or a Bible scholar. Come as you are and join a warm and welcoming group of women as we grow together through study, friendship, encouragement and fellowship. Cultivate gratitude as we give thanks and share His love.

November invites us to pause and reflect on the many blessings in our lives. As we celebrate this season of Thanksgiving, may we cultivate grateful hearts, encourage one another and find joy in the gift of fellowship.

Throughout November, we will continue our inspiring study topic, The Power of Prayer, exploring how prayer can strengthen our faith and bring comfort, hope, gratitude and peace into our everyday lives.

As the month draws to a close, our final weeks together will begin turning our hearts toward Christmas, reflecting on the hope, joy, peace and love of this special season.

We meet **Thursdays**, **9:30 to 11:30 a.m.** in the **Sonoma Room, Vista Club**. Bring your Bible and a notebook. After Bible Study, many of us gather at the Monarch Grill for coffee or lunch, and you are warmly invited to join us! Contact **Patty Bromell, 925-212-0478**.

Monthly Revival Praise and Worship: Join us **Sunday, November 29 at 3:30 p.m.** in the **Rio Vista Room, Delta Club** for an uplifting afternoon of music, reflection, encouragement and fellowship. Everyone is welcome! Contact **Dee Thompson, 925-303-7356**. Come with a grateful heart. Leave encouraged and blessed.

YOYO Aqua

You're On Your Own (YOYO) — but never alone! The club meets at **Delta Pool** every **Friday, Saturday and Sunday at 10 a.m.** Bring pool noodles and water dumbbells, both optional. Join us for fun in the water with music, movement and laughter! Go at your own pace and find what works best for you. Exercise, socialize and groove with a warm and welcoming group. Contact **Cathy Takaki, 916-505-5153**.
